

Water levels at Ingleton Falls were low but there was still breathtaking scenery. Great fitness levels from the group as they made good time around the trail. It's not as scary as it looks!

BILLIONAIRE BOY

Reading is of the highest priority in our school. We foster a love of reading throughout the school, including our KS2 Nurture Provision.

Our Year 11 pupils benefit immensely from Careers Guidance. Thank you Janet and New Directions for your continued support.

THE HEIGHTS IS BACK TO BUSINESS

This half term, we welcomed all our staff and pupils back for a new academic year. No more so than in our fantastic Nurture department.

LEARNING OUTSIDE THE CLASSROOM

"How far away is the horizon?" a pupil asked. This led to a host of conversations covering mileage, estimation, compass bearings and geography. The great outdoors always provides learning opportunities, we just need to show them.

RUBBISH SHAKESPEARE ... NOT SO RUBBISH!

@RubbishShakes performed and held workshops with our pupils in September, framing key scenes from Romeo and Juliet!.Thank you Rubbish Shakespeare for working with all our students. They thought you were, "brilliant, funny and engaging. You gave helped them to understand Romeo and Juliet a lot more!"

STUDENTS MAKE A BIG SPLASH

So good to see all our pupils engaging well, learning new skills and thoroughly enjoying themselves in the challenges set for them. You'll be pleased to note that they all received a good soaking!

PUPIL OF THE WEEK AWARDS SEPTEMBER 2021

Name	Year Group	Number of Awards
